

BINIT LIMBU

Aspiring Software Engineer | Backend Developer

Jhapa, Nepal | benetlimbu@gmail.com | +977 9814090745

PROFESSIONAL SUMMARY

Detail-oriented Backend Developer with expertise in Python, Django, and REST API development. Proficient in implementing secure authentication, managing relational databases, and delivering clean, maintainable code for scalable applications.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, SQL
- **Frameworks & Libraries:** Django, Django Rest Framework (DRF), React
- **Databases:** PostgreSQL, MySQL, SQLite
- **APIs & Tools:** RESTful APIs, JWT Authentication
- **Other Tools:** Git, Postman, VS Code

PROJECTS

Note App – React, Django Rest Framework, JWT, PostgreSQL

[Github Repo](#)

- Built a full-stack notes application with user authentication and persistent storage.
- Implemented JWT authentication for secure login, registration, and session management.
- Designed RESTful CRUD APIs for notes with user-based access control.
- Integrated a React frontend for real-time note creation, editing, and deletion.

Ecommerce API – Django, DRF, SimpleJWT, PostgreSQL

[Github Repo](#)

- Built a full-featured ecommerce backend with products, categories, cart, orders, and reviews.
- Implemented JWT authentication for login, refresh tokens, and protected endpoints.
- Added cart and order management with automatic total price recalculation.
- Designed review & rating system with filtering by product, category, and rating.
- Wrote clean, modular APIs tested with Postman for robustness.

EDUCATION

Post Graduate Diploma in Computer Applications

2025 - 2026

Kantipur City Collage, Kathmandu

Bachelor of Business Studies

2021 - 2025

Kakarvitta Multiple Campus, Jhapa
